

RECEIVES BROKEN LEG IN TRYING TO SAVE HIS FRIEND

While engaged in trying to stop a row in which a friend was getting the worst of it, Jack Berger received a broken leg Saturday night at Helena. Berger and a number of companions arrived in Helena from Bellehelen and were on their way to this city. During the evening they engaged in a poker game with a gambler there and after an hour's playing they quit about \$100 to the good. Then one of Berger's companions asked the bartender to cash a check for him, and in an argument which followed the bartender suddenly struck the Bellehelen man over the head with a piece of lead pipe. He was aiming a second blow when Berger grabbed him. And then the bartender's brother grabbed Berger and throwing him to the floor kicked him on the left ankle and also landed one on his eye. When the fight was over it was found that Berger was suffering considerably from his leg and was placed in the automobile of Tom Murphy, who brought him to this city.

Following the scrap in Helena, when peace had been restored and harmony reigned once more, a number of miners who were out on a good time succeeded in shooting up the town as per days of old. It is estimated that fully 200 shots punctured the atmosphere, and luckily no accidents resulted.

Berger is well known in Tonopah and carries a good reputation. He was formerly connected with the Nevada Transfer company in this city, and has also been engaged in the drayage business here. He has been out in the Bellehelen district for several months, where he has been employed on the Cornforth property. His injuries will keep him confined to his room for some time.

"A CRACKERJACK" SAYS W. T. CUDDY

COMMISSIONER RETURNS FROM
PIONEER AND SAYS CAMP
IS GREAT.

"The camp of Pioneer is a crackerjack," stated W. T. Cuddy yesterday. Mr. Cuddy returned from that district Sunday, and has the following to say regarding the new camp:

"Fully 700 people are now in the town and more arriving daily. Buildings are being erected as fast as carpenters can be secured. James Shea of this city has secured the contract for excavating the lot on which the hotel of Dave Holland's will stand, and has placed several men on this work. The Montgomery hotel at Beatty is being torn down and the people interested state that it should be open for business on its new site by March 4. As this is Dave Holland's birthday, a big time is planned and a banquet will be served.

"During my stay there I purchased a lot across from the hotel and have a force employed laying a stone foundation. When this is completed I will erect a building and will probably start a branch store there. Business is lively in all trades and there is no doubt in my mind as to the camp's permanency."

GOOD ASSAYS FROM THE BULLDOG PROPERTY

W. H. Mott, who has charge of the operations on the Bulldog estate, below Central, states that the work in the shaft is progressing steadily and that a depth of fifty-five feet has been attained. Some colors have been secured at that depth.—Manhattan Mail.

IRVING MACDONALD SAYS PIONEER IS BOOMING PLACE

CAPITALISTS ARE DAILY LOOK-
ING FOR INVESTMENTS IN
THE NEW CAMP.

"Pioneer is still booming," stated Irving Macdonald last evening, who came up from that camp yesterday afternoon, "and it is a perfectly legitimate boom. The town lots there are going like hot cakes and several people have made quite a nice stake investing in the lots. People are coming in by the hundreds and while it is hard to find accommodations, none have to suffer hardships. The Holland hotel will be finished early in March, and the Hotel Nevada, which is under the course of construction, will be open for business before long.

"The different companies there are preparing to let leases on their ground and with the large influx of capitalists and their representatives, the camp should go ahead with all the haste possible.

"Springdale is also coming to the front and a number of lots have been sold there. The townsite company is engaged in grading the streets and with the bright outlook of the mining property in this vicinity, the place should prove to be quite a camp."

Mr. Macdonald returns to Pioneer this morning.

NOON.

Yesterday's session of the district court was spent in securing the jurors in the case of the state of Nevada vs. E. B. Cushman. The following jurors are in the box: William Bryant, Orr Graden, J. E. Connors, William Sawie, Joe Rippingham, Paul Revert, James S. Ford, E. E. Lawson, George LaDuke, Edward Thornton, Carl Johnson and W. V. Ryan.

COLD WEATHER INTERFERES WITH PLACER MINES

PLACER DIGGINGS TO START IN
FULL BLAST WHEN WARM
WEATHER ARRIVES.

Thomas (Dry Wash) Wilson, who came in yesterday from Manhattan, states that the placer workings there are still being developed.

"The coldness of the weather," said Mr. Wilson, "prohibits sluicing being done, and all the pay dirt is being placed on the dump to wait for spring. All told there are about thirty leasers workings and all of them are extracting the high grade dirt. A number of these have ordered whims and pumps and all are doing considerable development work. As soon as the warm weather arrives when sluicing can be conducted the creek will be fairly alive with the workers. Now the water freezes in the riffles when any one attempts sluicing."

It's NOT Too Late TO SAVE \$100 Every Month

Though January has passed annual statements of foreign corporations can be published and filed in February (leaving a possible fine of \$100 for January only.) Foreign corporations that fail to comply with the requirements of the statutes are subject to a fine of \$100 for EACH MONTH in which they are delinquent. Those who have not published their statements are reminded that any District Attorney may claim the fine by instituting suit against the offending corporation. If the report is not advertised and filed during the month of February, the company becomes subject to a fine of another hundred dollars, and so on for every month in which it is delinquent. Here is the law on the subject, which will repay careful study:

Sec. 2. The secretary of the company publishing the statement shall file a copy with the several assessors of the state of Nevada.

Sec. 3. Any corporation coming within the provisions of this act who shall neglect or refuse to file a statement as required by section 1 of this act shall be liable to a penalty of \$100 for each month that the published statement remains unfilled with the several assessors of the state.
